Local Business Services Firm Recognized As One of Fastest-Growing Companies in America

The Alternative Board® Ranked in Top Half of Inc. Magazine 5,000

Denver, CO - The Alternative Board®—the world’s largest franchisor of peer advisory and coaching solutions to CEOs, presidents and business owners, which is headquartered in the Denver metro area—was recently ranked number 2,301 on the first-ever Inc. 5,000 list of the fastest-growing private companies in the country.

“Being recognized in the top fifty percent of *Inc.* magazine’s 5,000 list is a remarkable accomplishment for our entrepreneurial organization. Helping business owners and fellow entrepreneurs in the Denver area and around the world is fulfilling in itself—and it’s exciting to be recognized for our growth,” says Jason Zickerman, President and COO of The Alternative Board®.

According to *Inc.* magazine, the Inc. 5,000 is an extension of the magazine’s annual Inc. 500 list, designed to catch many businesses too big to grow at the pace required to make the Inc. 500, as well as a host of smaller firms. Taken as a whole, these companies represent the backbone of the U.S. economy.

The Alternative Board® brings together CEOs, owners and presidents of small to medium sized businesses to offer real-world business advice and coaching in a “think-tank” setting. During the meetings, owners can share their successes and challenges in order to help one another’s companies grow and excel.

Members of the boards also receive private one-on-one business coaching, which focuses on assessing all areas of the business to identify and prioritize actions needed to grow the company, as well as developing a strategic plan that allows the owner to align their personal and business visions to achieve greater success.

The Alternative Board® is regularly recognized in *Entrepreneur* magazine’s Franchise 500 and has been listed as one of Denver’s fastest growing privately held companies by the *Denver Business Journal* for the last two years.
